

please don't call (333)

Khalid

You can dial 333, please don't call
Four shots in, now you're on the phone
I know how you get off that Patrón
So baby, if you need me, you can reach me at
333, please don't call
Five shots in, now you're on the bar
I ain't tryna worry 'bout you tomorrow
So baby, if you need me, you can reach me at

You think I'm the type
Even on your sober days
When you say that you'd call (Oh)
You think I'm the type
The type that's gonna just sit and wait
But I waited too long (Oh)

You know I can't deal with that bullshit (Oh)
So I'm sending you a number you can hit

You can dial 333, please don't call (Please don't call)

Another dude in your section
Tryna get your attention
But he don't know your intentions

Like the whip that you rented
All that paper you spendin'
Why you live how you livin'? (Oh)
