Rendezvous

Take your phone off silent while I FaceTime you  
Rock with me (With me)  
You can be my everything  
That's on everything  
Turn around, I'm tryna see behind that  
Yeah, you know just how I like that  
Rendezvous  
Come slide through

Can we make mistakes  
And then make them twice?  
All these bad decisions  
Shouldn't feel this right  
Can we reconvene?  
And then wonder why  
Can we go all week  
And go one more night?

If you want it, I want it  
Let's do this  
'Cause I'm over the boring excuses  
Send the ETA  
When you catch the flight  
Ah yeah, keep the pace  
With my hands on your waist

And my  
My patience  
Is running so thin  
So let yourself in

Rendezvous

Rock with me (With me)  
You can be my everything  
That's on everything  
Turn around, I'm tryna see behind that  
Yeah, you know just how I like that  
Rendezvous  
Come slide through

I know you want me, you feelin' naughty, you can't hide it  
Ride me like autobahns, be on autopilot  
Gnarly, chiefin' like Marley on an island  
Party inside my bedroom and you're invited

And my  
My patience  
Is running so thin  
So let yourself in

Rendezvous

Slide through  
Whoa  
Slide through  
Oh  
Oh
