

# Softest Touch

Khalid

You've got the softest touch  
I just can't get enough  
When it comes to you  
You are the one I want  
You've got the softest touch  
I just can't get enough  
Softest touch  
You'll always be the one that I want  
You'll always be the one

Oh, it's such a pleasure  
Whenever we're together  
I find myself stuck onto you, yeah yeah  
It's now or never  
Until our future endeavors  
Plan out these trips and honeymoon  
Ooh, I know  
You've got other guys that you call  
I'm not the only one involved  
But that's not an issue at all  
At all  
At all

You've got the softest touch  
I just can't get enough  
When it comes to you  
You are the one I want  
You've got the softest touch  
I just can't get enough  
Softest touch  
You'll always be the one that I want  
You'll always be the one

Sweet like candy  
Candy  
So romantic  
You and me  
Brown like coffee bean  
Coffee  
Soft like ice cream  
I know  
I know  
You've got other guys that you call  
I'm not the only one involved  
But that's not an issue at all  
At all

You've got the softest touch  
I just can't get enough  
When it comes to you  
You are the one I want  
You've got the softest touch  
I just can't get enough  
Softest touch  
You'll always be the one that I want

I'm so lost with you

Do you hear me?  
Do you wanna rock with me?  
Softest touch  
Yeah
