

Tainted

Khalid

Your heart (So tainted)
Your mind (So tainted)
Your soul (So tainted)
Your eyes (So tainted)
Your heart (So tainted)
Your mind (So tainted)
Your soul (So tainted)
Your eyes (So tainted)

Can we make this work?
Can we make amends?
I don't wanna fight
No more arguin'
Heard it, word of mouth
Tell me where you been
You don't gotta lie
Say he was just a friend

I
Just can't choose how to believe
You
That's the hardest part
I
Barely eat, I barely sleep
You
I can't heal your heart

'Cause your heart (So tainted)
Your mind (So tainted)
Your soul (So tainted)
Your eyes (So tainted)
Your heart (So tainted)
Your mind (So tainted)
Your soul (So tainted)
Your eyes (Eyes)

Say you won't do me wrong, do me wrong, do me wrong
But that's just all you do
Yeah, that's just all you do
To me
Say you won't do me wrong, do me wrong, do me wrong
But that's just all you do
Yeah, that's just all you do
To me

Try to make excuses
Blame it on abuse
Seems to be your favorite line for you to use
You see I relate
That we trauma bond
Hold you in my arms
Did I read you wrong?

And I
Just can't choose how to believe
You
That's the hardest part

And I
Barely eat, I barely sleep
You
I can't heal your heart

'Cause your heart (So tainted)
Your mind (So tainted)
Your soul (So tainted)
Your eyes (So tainted)
Your heart (So tainted)
Your mind (So tainted)
Your soul (So tainted)
Your eyes (So tainted)

Say you won't do me wrong, do me wrong, do me wrong
But that's just all you do
Yeah, that's just all you do
To me
Say you won't do me wrong, do me wrong, do me wrong
But that's just all you do
Yeah, that's just all you do
To me
