Khalid

Hands in the drop top, put 'em up, put 'em up
Head in the speaker, turn it up, turn it up
I like the way that we connect when I'm at your place
Burnin' up
Heartthrob in the tank top, pull it off, pull it off
Lost on the dance floor, gettin' hot, gettin' hot
I like the way that we connect when I'm at your place
Burnin' up

It's in your aura
Dying to get to know you
Let's cut the small talk and all of the sort
I wanna explore ya
A new situation
So much anticipation
Just leave the doubt that you have at the door
With your reservations, yeah

I hate to leave you early
You know I'm really feeling your vibe
So can we take 30 to 45?

Hands in the drop top, put 'em up, put 'em up
Head in the speaker, turn it up, turn it up
I like the way that we connect when I'm at your place
Burnin' up
Heartthrob in the tank top, pull it off, pull it off
Lost on the dance floor, gettin' hot, gettin' hot
I like the way that we connect when I'm at your place
Burnin' up

When we're far apart from L.A. down to Texas
I'ma leave my mark, put a K on your necklace
All you wanna do is get faded, watch Netflix
All I wanna do is ghost ride in the Lexus
I like the way you always keep it chill, I respect it
How you so stoic in a world so hectic?
When they go low, you always say, "Go high"
Hop into my whip, we can dip, test drive

I hate to leave you early
You know I'm really feeling your vibe
So can we take 30 to 45?

Hands in the drop top, put 'em up, put 'em up
Head in the speaker, turn it up, turn it up
I like the way that we connect when I'm at your place
Burnin' up
Heartthrob in the tank top, pull it off, pull it off
Lost on the dance floor, gettin' hot, gettin' hot
I like the way that we connect when I'm at your place
Burnin' up
