Up All Night

Khalid

Take me 'round the world and back again
As I'm searching for my soul out there
Oh, there's something that I'm wondering
Where I'm going when my story ends

Doesn't even matter anyway, no
Focused and I'm coping with the pain, yeah, we're
Only getting older by the day, yeah, we're
Only getting older (Only getting older)
Doesn't even matter anyway, no
Focused and I'm coping with the pain, yeah, we're
Only getting older by the day, yeah, we're
Only getting older (On my mind all the time)

Keeps me up all night
Keeps me
Get these thoughts that keep me up all night
Keeps me
Keeps me up all night
Keeps me
Get these thoughts that keep me up all night
Keeps me

So I'ma light it up, I'm gettin high (So high)
Ask me how I am, "I'm getting by" (Getting by, by the minute)
But I'm thankful that I'm still alive
'Cause there's so much more left to find

Doesn't even matter anyway, no
Focused and I'm coping with the pain, yeah, we're
Only getting older by the day, yeah, we're
Only getting older (Only getting older)
Doesn't even matter anyway, no
Focused and I'm coping with the pain, yeah, we're
Only getting older by the day, yeah, we're
Only getting older (On my mind all the time)

Keeps me up all night
Keeps me
Get these thoughts that keep me up all night
Keeps me (Up all night)
Keeps me up all night
Keeps me (Up)
Get these thoughts that keep me up all night
Keeps me (Up all night)

On my mind, all the time
Keeps me up all night
On my mind, all the time
Keeps me up all night
On my mind, all the time (Mind)

Keeps me up all night
Keeps me
