

# Wildflower

Khalid

Mm, yeah  
Mm, yeah  
Mm, yeah  
Yeah

Spend my days countin' down  
Time will pass, that I know  
Whatcha done broke me down  
Not alone, I'm vulnerable  
Let you in, take good care  
See the signs, crack the code  
The time will pass, that I know  
Love will grow like a wildflower  
Like a wildflower  
Like a wildflower  
Like a wildflower

Pull me in, then get close  
Feel your heartbeat on mine  
Where have you been? I've waited long  
But now you're here, right on time  
When it's safe, they will pour  
Who'll like to see you cry?  
Take your hand, hold on mine  
Love will burn like a wildflower (Love will burn)  
Like a wildflower (Love will burn)  
Like a wildflower (It's about to burn)  
Like a wildflower (It's about to burn)
