

## Psychic Eyes

Khia

My psychic eyes on you (I try)  
Keep your mind on me (I try)

My psychic eyes on you (I try)  
Keep your mind on me (I try)

My psychic eyes on you (I try)  
Keep your mind on me (I try)

My psychic eyes on you (I try)  
Keep your mind on me (I try)

Tried to give you all my mind  
Think about you all the time  
Tried to get some sleep at night  
Looking with my psychic eyes

You've become a habit that's so hard to break  
And I can't wait to strip you naked to the bone  
Back it up again, I'm hopping on  
So I'm sorry if I'm so intense  
But my love for you, that's my defense  
Realized that and don't say no more  
Cause I'm yours, my trench coat hit the floor

Try to give you all my mind  
Think about you all the time  
Don't be leaving me  
All this is true  
And believe, it will be me and you  
And with me creates the extra fact:  
My desire's turned up to the max (I try)

Try to give you all my mind  
Think about you all the time  
Tried to get some sleep at night (But baby, I try)  
Looking with my psychic eyes

You've become a habit that's so hard to break  
And I can't wait to strip you naked to the bone  
B-B-Back it up, I'm hopping on

Something that's awakened  
Unconditional attraction and you must  
Step outside your comfort zone  
And take a risk just for the sake of us  
Patiently awaiting for your love  
To catch up with mine, it will in time  
I'm not the kind of girl who will give up  
I go hard for the things that I want

Tried to give you all my mind (I try)  
Tried to keep my feelings tied (I try)  
And I tired to let you take your time  
Respected your phone line  
And the waiting makes me passionate  
Cause my love is full, it's past the rim

Try to give you all my mind  
(You my mind like every day, honey)  
Think about you all the time (I try)  
Tried to get some sleep at night  
(You my mind like every day, honey)  
Looking with my psychic eyes

You've become a habit that's so hard to break  
And I can't wait to strip you naked to the bone  
B-B-Back it up, I'm hopping on (uhh)

You on my mind like every day honey  
Wrap my pussy up  
So he can cash out for me  
Baby, you so deserving  
Bout to give you what you earn  
Pussy so tight  
See today you 'bout to learn

I tried to let you go, but baby boy, I couldn't  
I did some risky thing that I know I said, "I wouldn't"  
Never say never, 'cause I tried and I failed  
I'm a Down South Queen  
Khia I mean

I'm trying to tell you boy  
I get it and I want it  
The Queen do the picking and the choosing, motherfucker  
Ms. "Fuck Everybody! ", Bitch wanna fuck you!  
Down to this pussy  
I'm a dream come true

You the habit that I just can't quit  
Smoke you like a pipe, take one last hit  
On ya Lovestick  
I got the love potion  
Got ya swimming like a shark  
In my deep sweet ocean (uhh)

And I came all the way, to take you all the way  
To smile upon your face, I need you every day!  
You can have which way  
It's whatever you say  
And this love is so intense  
And my love there's no defense

My psychic eyes on you (I try)
