

# One Of Us Must Hang

**Khoma**

Careful with what you're wishing for  
They'll lead you down below  
Careful with what you're thinking of  
Don't want to see you at the end of a rope

Take it one of us must hang  
One of us must go  
Stand-off is rigged, this trap must close  
Take it one of us must hang  
One of us must go  
Ears are ringing, alarm come near

Careful with what you're speaking of  
For how long can you hold your breath?  
Careful with what you're dreaming of  
They'll hunt you down  
Collapsing walls

Take it one of us must hang  
One of us must go  
Stand-off is rigged, this trap must close  
Take it one of us must hang  
One of us must go  
Ears are ringing, alarm come near
