

Fire Department

Khontkar

She fell in love it was just a one nighter
First thing I do in the morning say bye
I'm international with it I'm flyer
Lungs be proud of me get too high
I could still facetime when I'm in sky
Should've recorded when she gave me top
Get to the money I'm never gon stop
Go call the fire department I'm hot

I don't get mad when they copying me
I'm jus that nigga they trying to be
Got ya babymoms following me
I could tell you why she following me

Post up on the corner I'm takin ya order
You smoking like me its 200 a quarter
Always got racks when I'm crossing the border
She ask if I love her I say kinda sorta

I'm a real nigga don't got no persona
I was jus out having lunch with my lawyer
Front my young nigga u know I support em
Old niggas hating I fuck on they daughter
Bitch I'm a shark I grew up by the water
Breaking up gas on my high school diploma
We run the hood really do what we wanna
She gave me head still ain't give her my number
I might jus go fly to turkey this summer
I'm never home it be making em wonder
She bad as hell had to hit with no rubber
Its time to score you know Blocky don't fumble
Big ring on me this ain't royal rumble
Making em quit I be makin em run too
I'm from jungle come see what this gun do
Know I rob niggas don't make me come hunt you

She fell in love it was just a one nighter
First thing I do in the morning say bye
I'm international with it I'm flyer
Lungs be proud of me get too high
I could still facetime when I'm in sky
Should've recorded when she gave me top
Get to the money I'm never gon stop
Go call the fire department I'm hot

One for trap house probably pay your favorite rappers salary
Now these mother fuckers mad at me
From bricks to Robberies
Ain't no one stopping me
Not till my famo eating properly

She fell in love it was just a one nighter
First thing I do in the morning say bye
