

Heartless

Khontkar

See girl I know what you want
I know you want love
I know you wanted trust
Fell in love with them drugs
The coke, the pills, the drink, it kills
But baby I know you ain't trippin no more

See girl I know you're broken
You been crying and dying and praying for some answers
Drowning in a bottle of henny, you ain't gon' stop it
You know that it kills me watching you get heartless

Broken heart got me pouring it up
Got me lighting up my weed while I'm staring at us (girl)
Why would you go do this to me?
(Why would you why would you why would)
Why would go do this to me?

I don't really need your love
I don't wanna take that shot
You left me with cold heart
Now me and my boys go hard
Smoking OG Dang, fuckin thots
I'm watchin' opps on the block
You left me with cold heart
Now me and my boys go hard

Gave you everything you wanted
You know me I weren't fronting
On other hoes I be stunting
Like fuck them I don't love them
See baby you knew that I loved you
But you kept fucking with dumb youts
So I'll bun them and I'll bun you
(Bun you, bun you)

Look what you made me do girl
Why would you make me do this
Telling me you keep it real from the start
But now you be looking all stupid
With bullets holes in your chest
I'll make sure you don't rest
Gon bury you with your friends
Die in pain you set!
My demons are dreaming again (dreaming again)
I see her breathing again (breathing again)
Fuck this I'm sleeping again
Wake up squeezing a skeng
I'm in the 6 8 trying to break hoe

See bitch you left me broken
How you be so heartless
Why are you so heartless
I just wanted love
But you only gave me problems
I just wanted you
But I never had an option!

Broken heart got me pouring it up
Got me lighting up my weed while I'm staring at us (girl)
Why would you go do this to me?
(Why would you why would you why would)
Why would go do this to me?

I don't really need your love
I don't wanna take that shot
You left me with cold heart
Now me and my boys go hard
Smoking OG Dang, fuckin thots
I'm watchin opps on the block
You left me with cold heart
Now me and my boys go hard

Paranın koynuna girerim
Kafama göre hep giderim
Yapıcı değilim denedim
Senden bi sik olmaz şekerim
Şeytanla işim yok bilesin
Tanrının yanında meleğim

Look at my wings len
I'm like jordan with that windmills len
I got everything but I just wanted you
I got money like a red carpet but I just wanted you
Don't even compare with that lil dick brainless guy of you
Maybe I'm too hood for you that's why you done with rules
Used care about you girl, used to think about you girl
Now hustllin is my cure girl, used to think about you girl

Broken heart got me pouring it up
Got me lighting up my weed while I'm staring at us (girl)
Why would you go do this to me?
(Why would you why would you why would)

I don't really need your love
I don't wanna take that shot
You left me with cold heart
Now me and my boys go hard
