

Honest

Khontkar

I'm just being honest
No need for silence
They just fuckin liars
They can't be my rivals
I'm just being honest
No need for silence
They just fuckin liars
They can't be my rivals

I came from the dirt, Imma burry em to earth
Pull up with a hammer, cuz we doin shits just big
When I'm step in the hood, they flyin like a bird
"Kuş" is the Turkish way to say bird
I'm in the limousine bitch trying to touch me
Don't fight me bitch fuck me, so we can do more roundsy
I'm covered in money, while they covered in muddy
Like in the story they be like Solomon Grundy
Stinky and ikky, laud and grumpy
Iced out chain hangs on me like the OG Bun B
Swangin through the city, like ridin dirty
I got the goodies, you know with the homies
Ah

I'm just being honest
No need for silence
They just fuckin liars
They can't be my rivals
I'm just being honest
No need for silence
They just fuckin liars
They can't be my rivals

Yo
I love the way that I does this
Bitch here she gon love this
Dick her down them I'm dussing
Star dog, buzzing
Big guns? Buss it
I dash L's you catch L's
You wet dons, your nothing
I'll grab him up, stab him up
Whip him back to my home
If you bag it up, and you pack it up
And I'm robbing you for your grow
I'm robbing you for your soul
MG you done know
Balenciagas from my fucking head to my toes
Boy you must be bugging, bugging
Realist up in London, London
And you know we don't lie boy, boy
I'm only being honest, honest

I'm just being honest
No need for silence
They just fuckin liars
They can't be my rivals
I'm just being honest

No need for silence
They just fuckin liars
They can't be my rivals
