You know I'm the fuckin' real one
Your bitch really wants to hook up
But I ain't got no time for pull up, I might be doin' some G stuff
Pass me that shit so I can do what I want
I know I'll be better with another cut
Haha please Imma devil on that mic
Maybe thinking on that too much, I wish I had all of it right now
I want it all yah
Please give me lord yah

You gotta fit em all yah
You betta fit em all yah

Nothin' can do 'bout it
Nothin' can do 'bout it
Nothin' can do 'bout it

Takin shit too high upper echelon
It's another level Imma firestorm

Nobody can stop me, changing on the plans now what's gonna be
When I pulled up on the top ha what's gonna be
It's not shockin news 'cuz I was so focused
Damn right I earned it so fuck em
I got a list of my problems, I deal with 'em with my middle finger
I salute all of these haters, I'm turning down all of them faders
You know I'm also working with table
Don't tell me shit I know probably better than you
So fuck it, change yourself do you get it
Give what this shit really deserves, I don't know what I deserve
I just want that dessert, even I got a shirt on me says
"I want that dessert"
But still

Please give me lord yah
I play by my rules yah
You gotta fit em all yah
You betta fit em all yah
