I am a single queen, you know the fuckin' vibes
Fuck men these days, fuck them all
They will hurt everyone feelings and fuck them all

Tell him jig's up
And his mind's mixed up
If he ain't changin up for you
Fuck everything he said
Baby girl he did you bad but
You the baddest in the room
And you gorgeous
Fucking gorgeous
You got options
Made bad choices
Only cry so much
Cause he lied too much
You don't need nobody

You know the vibes, vibes, vibes
You know the vibes, vibes, vibes
You know the vibes, vibes, vibes
You got time yeah
Vibes, vibes, vibes

Here we go again
Get a little toxic
Tears like a faucet
He puttin on a show again
And I'm a bit salty
That is so insulting
And you gonna let him in
Like he didn't do nothin
Yeah, you gave all you got to a person
That's worthless

You up late too much
Cause you pray too much
And you know it ain't up to you
Tell that boy you got no fucks
Grab his baggage pack it up
Cause he ain't man enough for you
And you perfect
Fuckin perfect
He blew it
He ain't worth it

Only cry so much
Cause he lied too much
You don't need nobody

You know the vibes, vibes, vibes
You know the vibes, vibes, vibes
You know the vibes, vibes, vibes
You got time yeah
Vibes, vibes, vibes

I bet you are a blessing to his family

But he still act shady
That's so crazy

If he fuck up again
Swear I betta not see him again
Fuck him he just pretend
More important shit you gotta handle
Fuck him he cancelled
You know the
You know the
You know the vibes, vibes, vibes

Fuck him he cancelled

You know the vibes, vibes, vibes
You got time yeah
Vibes, vibes, vibes
