

Chocolate.

Kiana Ledé

I need a
I need a sweet escape
Compliments to your mother
Know how to treat a good woman
My holiday
Ya changed up the weather
Making everything better
My warm embrace
My cup of holy
Loving the way you hold me
It's safe to say
That I could do this every day

So chocolate
Craving it
So amazing like it ain't real
So unassuming
You got me losing it
It ain't fair, nah
Don't know how to say what it feels like
All I know is it rains when it feels right
So chocolate
Craving it
So amazing and it ain't fair

Break me off
So hood I am attached
Come and get this good Kit-Kat
Get lost
In the sauce got you drowning
Scuba Steve when you pounding
So pure and soft
Is your skin when I bite it
Tastes buds is so exciting
So in awe
I just want your hand all on my jaw

So chocolate
Craving it
So amazing like it ain't real
So unassuming
You got me losing it
It ain't fair
Don't know how to say what it feels like
All I know is it rains when it feels right
So chocolate
Craving it
So amazing and it ain't fair

You a winner and you hold my token
Got a rhythm I don't wanna lose
It's a language that we use unspoken
Only wanna have my hands on you

Whoa
Whoa
Whoa

Whoa

So chocolate
Craving it
So amazing like it ain't real
So unassuming
You got me losing it
It ain't fair
Don't know how to say what it feels like
All I know is it rains when it feels right
So chocolate
Craving it
So amazing and it ain't fair
