

## Feel a Way.

Kiana Ledé

Broke promises and long nights  
Make me feel a way  
Inconsistence in communication  
Make me feel a way  
Made dinner plans and you ain't around  
Make me feel a way  
Never on time when the time's mine  
Make me feel a way

Rushin into this to make me wait  
You be stringing me along and I'm just falling for the bait  
Don't make me put you in your place  
Tell me why do I stay with you when you stay

Making me feel a way  
You wanna act like you one of a kind  
Making me feel a way  
Walk in my life just to run outta time  
Making me feel a way

Go running back where you belong  
Cause if this keeps going on  
Then I'd rather be alone

Making me feel a way  
You wanna act like you one of a kind  
Making me feel a way  
Hmm

And you gon' feel a way  
When I start charging for my time  
Yeah that price is pretty high  
I can drop you on a dime yeah

You keep playing you might fuck around and make me do it  
Say you hate it when you let me down, while I hate to see you put me through  
it  
Playing along's played out and you knew it  
All them excuses you wasting your breath and you blew it

Yeah, rushin into this to make me wait  
You be stringing me along and I'm just falling for the bait  
Don't make me put you in your place  
Tell me why do I stay with you when you stay

Making me feel a way  
You wanna act like you one of a kind  
Making me feel a way  
Walk in my life just to run outta time  
Making me feel a way

Go running back where you belong  
Cause if this keeps going on  
Then I'd rather be alone

Making me feel a way  
You wanna act like you one of a kind

Making me feel a way  
Hmm

And you gon' feel a way  
When I start charging for my time  
Yeah that price is pretty high  
I can drop you on a dime yeah

Hmm-hmm (Hmm-hmm)  
Hmm-hmm-hmm  
Hmm-hmm (Hmm-hmm)  
Hmm-hmm-hmm  
Hmm-hmm (Hmm-hmm)  
Hmm-hmm-hmm  
You-oo-whoa  
Hey, yeah, ayy-ayy  
Oh whoa  
Oh baby  
Make me feelin', ain't gon' play babe  
Yeah wait, baby, oh baby
