See, now you playing with my pride
Fuck me up, I can't lie

That what's you like, ain't it?
I mean, let's face it
You like that ass and them
Them perfect faces
Am I enough for you?
'Cause you been tappin'
Aaliyah and Keisha
When really I need ya to

Focus on me
Focus on me

See that energy
So focus on me, yeah-yeah

So, baby, speak now
