

# Gemini Slander

Kiana Ledé

One minute you want me, then you don't  
Told me you all in now you don't know  
What  
Way or which direction we should go  
See, you just keep on trying me

Gemini, oh Gemini, you wasting  
Too much time and I'm not one to play with  
Might as well just keep up with your antics  
Indecisive, switching sides  
So I'ma let you do that shit alone

Hey  
Handle that on your own  
A bad bitch can't do baggage, let it go  
Hey  
Since you never know  
Gemini, oh, Gemini  
Gemini, oh, Gemini  
Indecisive, switching sides  
So I'ma let you do that shit alone

'Cause if you have a hard time deciding  
Then I might just hit up somebody else  
Tell him come and swing by  
Have a hell of a time  
While you make up your mind  
Give you hell  
Then wish you well

Gemini, oh Gemini, you wasting  
Too much time and I'm not one to play with  
Might as well just keep up with your antics  
Indecisive, switching sides  
So I'ma let you do that shit alone

Hey  
Handle that on your own  
A bad bitch can't do baggage, let it go  
Hey  
Since you never know  
Gemini, oh, Gemini  
Gemini, oh, Gemini  
Indecisive, switching sides  
So I'ma let you do that shit alone

I'ma let you go be on your own, yeah  
Obviously, I do not belong here  
Can't be with someone who don't know what he wants  
When I got my own things that I struggle with  
It's demons in my head that I'm battling  
Can't fight myself and you too  
I need somebody who  
Reassures how I feel  
You should do better, babe, at your big age  
Now keep me from that bullshit
