

## On A Wave

Kiana Ledé

You know that people gon' change  
Feelings they all seem to fade  
Lovers they all drift away  
And become so damn estranged  
Friends flip they turn into foes  
But humble and quiet no more  
Even as life seems to fade

I'm still alive  
I'm on a wave  
I'm on a ride  
I'm everywhere  
I'm hard to find  
Don't need a man  
Ain't got the time  
Busy as fuck  
You know what's up  
Stay on my grind  
But I still play  
These niggas hearts  
I never stay, yeah  
I'm out of love  
Just thinkin' of  
Me n' mine, me n' mine

You finally start to care  
I show up so unprepared  
You're ready for something new  
I'm still where I was last year

I'm tired of talkin' it out  
I just left my clothes at you're house

Seems like you're wantin' to stay

But you need to know I'm on a wave  
I'm on a ride (ride)  
I'm everywhere  
I'm hard to find (I'm hard to find)  
Don't want a man  
I'm just a guy (you're just a guy)  
Busy as fuck (busy as fuck)  
You know what's up (you know what's up)  
And I got a life now  
Back where I stay (back where I stay)  
Still pay a car note for this girl around my way (around my way)

Yeah...

Friends flip  
They turn into foes  
But humble and quiet no more  
Even as life seems to fade

I'm still alive  
I'm on a wave  
I'm on a ride

I'm everywhere  
I'm hard to find  
Don't need a man  
Ain't got the time  
Busy as fuck  
You know what's up  
Stay on my grind  
But I still play  
These niggas hearts  
I never stay, yeah  
I'm out of love  
Just thinkin' of  
Me n' mine, me n' mine

(I'm on a wave  
I'm on a ride  
I'm everywhere  
I'm hard to find  
Don't need a man  
Ain't got the time  
Busy as fuck)...
