

Show Love

Kiana Ledé

Five on me baby
Keep it on lock for me love
If you want time with me baby
Got to do more than enough
I'ma tell you like I told 'em
I ain't brand new to emotions
Don't just go through all the motions
Got to stay real, keep it open, eh

Love is like a course, yeah
You could ride the wave and get it back in no time
If you tripping got the fellas on the phone line
So if you got it, I don't gotta pay them no mind, no mind

Keep showing up
And I'ma keep showing love
Do you want it bad enough
I'ma keep showing love, showing love
Don't you forget it
I want you to be there, to be mine
Keep showing up
And I'ma keep showing love, showing love

Keep it up, I said keep it up
See I don't spend my time for the fake shit
Been seeing too much of it lately
I need to know that you got a motive
Got to see you staying focused, can't hold this
Keep showing up
Don't ever make me ask if you want it

'Cause love is like a course, yeah
You could ride the wave and get it back in no time
If you tripping got the fellas on the phone line
So if you got it, I don't gotta pay them no mind, no mind

Keep showing up
And I'ma keep showing love
Do you want it bad enough
I'ma keep showing love, showing love
Don't you forget it
I want you to be there, to be mine
Keep showing up
And I'ma keep showing love, showing love

Keep showing up, keep showing up
Ah, ah, ah

Keep showing up
And I'ma keep showing love
Do you want it bad enough
I'ma keep showing love, showing love
Don't you forget it
I want you to be there, to be mine
Keep showing up
And I'ma keep showing love, showing love

Ah yeah
I'ma keep showing up
I'ma keep showing love
Keep showing up
