

# Body Count

Kid Buu

They say that you got bodies, I don't mind  
You say that you got bodies, I don't mind  
'Cause truthfully, girl, I got some bodies too  
Truthfully, girl, I'm tryna body you  
You say that you got bodies, I don't mind  
They say that you got bodies, I don't mind  
'Cause truthfully, girl, I got some bodies too  
Truthfully, girl, I'm tryna body you

Like a stick-up, girl, I'm tryna lay you down  
Word around town is you get around  
You know how the gossip always gets around  
Everybody has some big cap, they big mouths  
Like a silencer, you bodied, hear no sound  
Only sounds are ooh's and ah's up out your mouth  
"Yes" and "uh" is always flying out your mouth  
Reason why I really wanna lay you down  
You get bodied like drive-by's  
Sexy broad like a new ride, say I'm chill, got a cool vibe  
Laid back, but truthfully, I'm too fly  
Don't give a fuck about your new guy or new guys  
Whether two-three or two-five, no number is too high  
My boys'll probably say I'm cappin', boy, you know that you lyin'  
But really I don't because you too fine  
Truthfully, everybody seen some bodies unless you blind

They say that you got bodies, I don't mind  
You say that you got bodies, I don't mind  
'Cause truthfully, girl, I got some bodies too  
Truthfully, girl, I'm tryna body you  
You say that you got bodies, I don't mind  
They say that you got bodies, I don't mind  
'Cause truthfully, girl, I got some bodies too  
Truthfully, girl, I'm tryna body you
