Got a hundred bands, went to the mall and I dropped 50, uh (Bust it)

If you got it, bust it, uh

I got my chain, Raf in the seams
God damn, my diamonds like bumblebees
She just wanna fuck with me, I'm too elite
Cut that little bitch, then I'm back to the streets
Hundreds and hundreds, that's it

See me flex like I'm Vin Diesel
Bitch these is Robin, not Diesel
Chanel sneakers, they see through
Making my money illegal

Diamonds so cold, got the measels
Give her bomb dick like a missile

Fuck that nigga from the other side

Turn around, you know them bullets, uh

Hollow tips make your kidney bust
Kashi, man I pop it
Touch your temple with this rocket
All my niggas bust it
