

Yeah

All my shit fire like camp wood
Free my niggas in the can, no canned goods
I was poor, I couldn't even afford no canned goods
Free my niggas in the can, no canned goods
All my shit fire like camp wood
Free my niggas in the can, no canned goods
I was poor, I couldn't even afford no canned goods
Free my niggas in the can, no canned goods

I will shoot you in your lip like Kardashian
I smoke my blunts to the face, I'm not passin' 'em
Couldn't get a ho to give me face
Now I got too many hoes and barely enough space
Yeah, and my car look like a spaceship
Pussy talk shit, chopper give him a face lift

Yeah, try to find me like Where's Waldo?
I'm in the bank, that's Wells Fargo
In the Bay, I'm gettin' Chase, money chasin', on a yacht
Bitches tryna snort some coke off my cock, yeah
Diamonds on my rock, yeah

All my shit fire like camp wood
Free my niggas in the can, no canned goods
I was poor, I couldn't even afford no canned goods
Free my niggas in the can, no canned goods
All my shit fire like camp wood
Free my niggas in the can, no canned goods
I was poor, I couldn't even afford no canned goods
Free my niggas in the can, no canned goods

I will shoot you in your lip like Kardashian
I smoke my blunts to the face, I'm not passin' 'em
Couldn't get a ho to give me face
Now I got too many hoes and barely enough space
