I told her that we're done  
I'm sorry babe, I had too much of you  
And way too many trust issues, too  
Sorry I had to break this to you  
Through text, but I can't do this next to you

But she really think I'm the one  
Told that lil baby "No, I'm not the one"  
Hottest young nigga out under the sun  
All this ice on my chest got my heart numb  
I never gave a groupie groupie love  
But you always thought I did and it's fucked up  
I'm tryna get money, not gaining your trust  
Let's face it baby, we both way too young (yuh, huh)  
So who really knows if it's love or it's lust (yuh, what)  
I'm just a young pup in this puppy love

I'm sorry babe, I had too much of you  
And way too many trust issues, too  
Sorry I had to break this to you  
Through text, but I can't do this next to you
