

MoreLess

Kid Buu

Is it more or less of you? I want more
Truthfully, nowadays I'm feelin' unsure
Tell her my emotions, I feel like a toy store
Forty with a laser, Buzz Lightyear, Toy Story
Cock and I'll pop it if you put a bitch before me
That's what she told me, that's what she told me
That's what she told me
Could leave her heart broken, but I could never leave her lonel
y
Some days you act like you want me, other days, don't want me

I'm sorry, baby, if I'm bipolar with emotions
I'm sorry, baby, if you start to feel a little hopeless
If you catch me lookin', just don't mind, it was my focus
If I ever left you, just know money was the motive

Is it more or less of you? I want more
Truthfully, nowadays I'm feelin' unsure
Tell her my emotions, I feel like a toy store
Forty with a laser, Buzz Lightyear, Toy Story
Cock and I'll pop it if you put a bitch before me
That's what she told me, that's what she told me
That's what she told me
Could leave her heart broken, but I could never leave her lonel
