

## My Way

Kid Buu

Damn

(Pierre, crank that bitch)

You can do it your way, I'ma do it my way  
Lames always tryna find a way, baby, I'ma make a way  
You can do it your way, I'ma do it my way  
You can do it your way, I'ma do it my way  
You can do it your way, I'ma do it my way  
Lames always out here be talking too much  
But not doing enough, will they find a way?  
Baby, I'm out here, we doing enough  
You not doing too much, I'ma make a way  
You can do it your way, I'ma do it my way

You can do it your way, I'ma do it my way  
Baby, I'm right here, I'm stacking my change  
Tryna get my penny like Hardaway  
I got the real ones, they with me right now, so you better watch how you talk to me  
I know your bitch, but I'll fuck her right now  
Don't you try me, she just a call away  
She just a dog to me, she wanna fuck with me  
'Cause you see that I'm ready to race  
Tell that fuckboy, "Don't you try me today"  
'Cause you just might die today  
Live everyday like this shit my life 'cause truthfully, I could just die today  
I could just die today

You can do it your way, I'ma do it my way  
Lames always tryna find a way, baby, I'ma make a way  
You can do it your way, I'ma do it my way  
You can do it your way, I'ma do it my way  
You can do it your way, I'ma do it my way  
Lames always out here be talking too much  
But not doing enough, will they find a way?  
Baby, I'm out here, we doing enough  
You not doing too much, I'ma make a way  
You can do it your way, I'ma do it my way
