Walk in the mansion, we livin' so lavish  
Bustin' the packs with all of my niggas are swipin' your bitch, like she was  
on Tinder  
We don't fuck around with pretenders  
I might just fuck around and buy a Bentley  
Yeah, I'm a shooter, so boy do not test me  
My gas is on full, you puffin' on empty  
I'm too busy countin' benjies'  
[?] as fuck, niggas envy  
They call me Humongous The God  
In my trap, my young niggas praise me  
Runnin' yo' trap, cause you know that they brazy  
Fuckin' yo' hoe, sent her home, lazy  
Got it all off a pass  
Nigga, not talkin' 'bout banking  
If you ain't talking 'bout money  
My nigga, then there's no relation  
I be tellin' my youngin's  
Stack up and be patient  
Now we trappin' out of mansions on acres  
Humongous The God, but you know I won't save her  
You know I won't save her  
Cause I had 60 missed calls today  
Guess I'm gonna trap all day  
Cause I had 60 missed calls today  
Guess I'm gonna trap all day

They talkin' reckless, trust me homie, you don't want those problems  
We don't fight, one car will turn your block into Afghanistan  
All my niggas savages, just watch the way that henny pour  
Flex level over 9000, only blue hunnids' is what I'm countin  
No time for these hoes, [?] trap  
That's never gon' close, my pockets are never on froze  
Whippin' these bricks on the stove
