

# Speed Demon

Kid Buu

You mean I'm lowkey like a bee, but my hustle stay same, now

Fuck me, no I won't tell  
She said I'm high like a nigga came from hell  
Got my cash right and niggas ringin' bells  
She ride it like a hell catcher you drove me out of hell  
Countin' money fast like I'm a speed demon, push start  
Tell that bitch to ride it like a speed demon  
I told her to ride it like a speed demon, push start  
Told that bitch to ride it like a speed demon

Fuck me, no I won't tell  
Countin' money fast like I'm a speed demon  
I told her to ride me like a speed demon, push start  
Now she bitch to ride it like a speed demon

Said I'm hot, like I really came from Hell  
I came up now I'm 'bout to give 'em hell  
Cut from a different fabric, mines are from Chanel  
I got my cash right on my water like a well  
It ain't worked out from my last girl  
Baby that's oh well  
Last time somebody tried me, for him didn't go so well  
I need new Balenciaga's, so I'm 'bout to hit Rodeo  
Don't you worry 'bout you man, baby, no I won't tell

Fuck me, no I won't tell  
Don't you worry 'bout you man, now  
Fuck me, no I won't tell  
Don't you worry 'bout you man, now

Fuck me, no I won't tell  
She said I'm high like a nigga came from hell  
Got my cash right and niggas ringin' bells  
She ride it like a hell catcher you drove me out of hell  
Countin' money fast like I'm a speed demon, push start  
Tell that bitch to ride it like a speed demon  
I told her to ride it like a speed demon, push start  
Told that bitch to ride it like a speed demon
