

Spit On Your Grave

Kid Buu

That day might come someday
Told her don't be late

She says I hate you so damn much I will spit on your grave
Told her it might come some day baby don't be late
She says I hate you so damn much baby we can relate
She says I hate you so damn much Ima spit on your grave
Told her it might come some day baby don't be late
She says I hate you so damn much baby we can relate

Relate
Yeah cause I hate me too love
I would run if I was you love
Better off alone so there's not room for two of us
Shes' crying now asking what you goin' do to us?
Sorry I don't feel the same I know the truth it sucks
Now she's crying all alone
Because I left her all alone

She says I hate you so damn much I will spit on your grave
Told her it might come some day baby don't be late
She says I hate you so damn much baby we can relate
She says I hate you so damn much Ima spit on your grave
