Kid Buu

Heard that time is money, I can't waste none  
Heard that your last man was a wasteman  
Know some real trap shooters, they came out the wastelands  
I was a young nigga, trap in mama's basement

No wasteman  
No wastemans  
Can't keep around me no wastemans

Fucking on a baddie, she not basic  
Walk around with 40 round my wastebands  
Don't you try me pussy nigga, I might waste mans  
They like "Kid Buu, how you came up?"  
Took some patience  
I used to write the script for Xans to all my patients  
I cannot smoke on shorty's blunt, she might have laced it  
I might just pull up in some shit look like a spaceship  
Constipated attitude cause I don't say shit  
Shooter like a surgeon, you can get a facelift  
Ain't shit you can say lil' bitch, I'm on my own shit

Heard that time is money, I can't waste none  
Heard that your last man was a wasteman  
Know some real trap shooters, they came out the wastelands  
I was a young nigga, trap in mama's basement
