Kid Buu

Ain't no heart under this ice
Babygirl, I know your type
And your type is not my type
Time is money, can't waste no time

So stay up off my timeline
For your type and got no time
Babygirl, I know your type
And your type is just not right
So stay up off my timeline
For your type and got no time
Babygirl, I know your type
And your type is just not right

So stay up off my timeline
Cold under all this ice
Got that money on my mind
All these diamonds on my mind
Got it tattooed on my mind

Ain't no heart under this ice
Babygirl, I know your type
And your type is not my type
Time is money, can't waste no time

So stay up off my timeline
For your type and got no time
Babygirl, I know your type
And your type is just not right
So stay up off my timeline
For your type and got no time
Babygirl, I know your type
And your type is just not right

So stay up off my timeline
Stay up off my line
Baby, you a waste of time
Stay up off my line
Baby, you a waste of time

So stay up off my timeline
For your type and got no time
Babygirl, I know your type
And your type is just not right
So stay up off my timeline
