Give a fuck what you say  
In the crip getting top like toupee  
Got some clout now these bitches wanna kick it like Bruce Lee  
Fuck boy talk slick aim the chopper right at his crewneck  
Diamonds they dance now, fuck around what that bih hit the two step

Fuck around hit the two step  
I'm the bribe with your bitch I'm booling  
Left that last hoe drooling  
You ain't getting no money who you fooling  
You ain't getting no money who you fooling  
Teeth got too much ice I'm drooling  
Sip too much lean I'm too leaned  
Popped two Mollys I'm too lit  
Fucking with me that foolish  
Toolie in the trunk I'm tooling  
One hoe not enough I need two bitches  
One Rollie wasn't enough I need two, bitch  
Big dick toolie with a full clip  
For the fuck nigga that talk but never do shit

Give a fuck what you say  
In the crip getting top like toupee  
Got some clout now these bitches wanna kick it like Bruce Lee  
Fuck boy talk slick aim the chopper right at his crewneck  
Diamonds they dance now, fuck around what that bih hit the two step

They should be aware of us  
They should go get this all televised  
I'm not with convos revolving lies  
I keep it all in a stash inside  
If they gon ask me they betta ride  
Numbers are sanitized  
Too many endless nights  
Fuck like I'm energized  
Fuck it I might as well break the ties  
Thought it could work out I really tried  
Put myself all on the sinner side

She don't want to love me no mo  
Sometimes she tell me I'm losing control  
Sometimes she tell me she wanna let go  
I could give a fuck gotta keep it on the right side

Give a fuck what you say  
In the crip getting top like toupee  
Got some clout now these bitches wanna kick it like Bruce Lee  
Fuck boy talk slick aim the chopper right at his crewneck  
Diamonds they dance now, fuck around what that bih hit the two step
