

Another Day

Kid Cudi

If you can't decide which one I want
All the girls at the party, come along, it's a party, we started (Yeah)
Mixin' drinks, how much? Who knows
I pour one out for dead homies (Yeah, yeah), the dearly departed, baby (Uh)
Ain't miss the moment, ain't no spillin' (Yeah)
Dude, I've been livin' ill and tryna find the thing I'm feelin'
We feel it (Woah), all's good until I hit the ceilin'
Good riddance, I figured I'll be straight, just need a minute, just a second
(Yeah)
Always been another load in my zone, zone
Nothing else can fix the problem but his hair grown, grown
Guess that there got me on one (Oh)
Ain't no tweakin', I'm professional
Better give a nigga room, I be back, round two
It's the soldier in me (Yeah), let them fuckers envy (Do)
Doin' 7 heaven bound, who gon' trip and we'll see (Yeah)
The rager from the dark (Yeah)

Day fades and the sun goes away (Uh)
Same old nigga in the same old pain (Uh)
Ain't much changed in me, y'all (Yeah)
It's in the game, nothin' changed in me, y'all
Thank God I saw another day (Uh-huh)
But I can't go escape what I have made, nah
Ain't much changed in me, y'all (Yeah)
It's in the game, nothin' changed in me, y'all (Yeah)

Drop it (Let's go), had me at "Hello", we in the spot
Can I stop it? (Yeah) Ragin' with familiar names, think they got a knot (Knot)
And they see me twisted on the low, there he go
Yeah, baby, there he go, yeah, really, really (Oh)
Won't be out there lookin' crazy, hazy, ho (Hello)
In the cycles of the waves formin' in my dome
We keep floatin', hopin', coastin'
Ragin' through the day, sexy baby, turn me on-on (Uh)
Hear me out, hear me, hear me
Come on, ready or not, nigga comin' with it
Come on with the team, hear me, hear me
Oh no, hit 'em out and I'm rippin', rippin' in it (Yeah)
And I'm comin' full blown to the tombstone (Yeah)
How I'm livin', gotta push it, gotta set the tone (Yeah)
It ain't nothin' to me, baby, say I'm livin' long (Livin' long)

(Go) Day fades and the sun goes away (Uh)
Same old nigga in the same old pain (Uh)
Ain't much changed in me, y'all (Yeah)
It's in the game, nothin' changed in me, y'all
Thank God I saw another day (Uh-huh)
But I can't go escape what I have made, nah
Ain't much changed in me, y'all (Yeah)
It's in the game, nothin' changed in me, y'all (Yeah)
