

# FUNKY WIZARD SMOKE

Kid Cudi

It's just something different 'bout that funky wizard smoke  
Could be the texture, possibly the aroma, or maybe it's just the feel (Oh, o  
h, yeah)

If you got some cash, let's go  
If you got that swag, let's go (Uh, uh, yeah)  
If you got some cash, let's go  
If you got that swag, let's go (Uh, uh, yeah)  
If you got some cash, let's go  
If you got that swag, let's go (Uh, uh, yeah)  
If you got some cash, let's go  
If you got that swag, let's go (Uh, uh, uh, yeah)

Pull up on the light, window tinted (Nice)  
Balls to the walls, says she can feel it  
Buy it outright, never rent it (Wow)  
Patent leather where I'm sitted (Damn)  
One day boy got a crew and a life  
Now I fly right by, get blessed on the flight  
And this is the thing they say so priceless  
Jewels still on, they chill through the ride  
Aw man, don't stress me, Lord  
Keep it all together, so focused on reply  
Can not stop or stop, I got the money on the ceilin'  
Know you fuckers couldn't believe the nigga so nice  
Chains so heavy, I be prayin' for the many (Yeah)  
My family don't lie, and I gotta keep prayin'  
I be hearin' what I'm sayin', too blessed, huh

If you got some cash, let's go  
If you got that swag, let's go (Uh, uh, yeah)  
If you got some cash, let's go  
If you got that swag, let's go (Uh, uh, yeah)  
If you got some cash, let's go  
If you got that swag, let's go (Uh, uh, yeah)  
If you got some cash, let's go  
If you got that swag, let's go (Uh, uh, uh, yeah)

Flyin' 'round with God's eyes, so enlightened  
I pray so long that I find, He keeps a human home  
Searched so long I realized, never quit inside  
All in on a mission ride, angels got me, oh

Niggas thought I was bullshittin' (They did)  
When I left home, now they fill dickes  
Took it way back to the beginning (Really)  
A Kid Named Cudi, shit was hittin'  
Too many nights had tears in my eyes  
I lay wide awake in the evenin' 'til light  
And this is the thing they say so priceless  
Sad don't last, that's what she write  
Aw, man, I traveled the world  
And I felt like I still ain't see shit  
Got so much that a nigga wanna do  
I'ma show you how to really get down (It's lit)  
And, and I'm prayin', I'm thankin' the line  
The world keep healin' me, the wall keep savin' me to the best time

If you got some cash, let's go  
If you got that swag, let's go (Uh, uh, yeah)  
If you got some cash, let's go  
If you got that swag, let's go (Uh, uh, yeah)  
If you got some cash, let's go  
If you got that swag, let's go (Uh, uh, yeah)  
If you got some cash, let's go  
If you got that swag, let's go (Uh, uh, uh, yeah)

Flyin' 'round with God's eyes, so enlightened  
I pray so long that I find, He keeps a human home  
Searched so long I realized, never quit inside
