Kid Cudi

That's the side of me you wanted, hmm  
That's the side of me you love, hmm  
Running 'round like kids in summer, hmm  
We should take the time to go back to

Tenderness entering  
Just a kiss, damn it, it's the beginning  
To mean something  
Caught the flame

Reverse down the sidewalk  
Tell the city turn the brights off  
I'ma be honest  
Baby, be honest too  
Is this what you wanted?  
Is this what you wanna do?  
Reverse down the sidewalk  
Tell the city turn the brights off

You know what you signed up for, hmm  
Still in love with all my flaws, mm-hmm-hmm  
We've been going back and forth, hmm  
We should take the time to go back to

Tenderness entering  
Just a kiss, damn it, it's the beginning  
To mean something  
Caught the flame

Reverse down the sidewalk  
Tell the city turn the brights off  
I'ma be honest  
Baby, be honest too  
Is this what you wanted?  
Is this what you wanna do?  
Reverse down the sidewalk  
Tell the city turn the brights off
