Have you heard the story about the boy who made a rocket?
He had all the things he need, blueprints and all the science
He gathered all his homies up to form a strong alliance
A crew of noble men, they're honest with hearts of lions
They worked together, piece by piece, to finish the project
[?] pose for pictures and kiss the loved ones
And they all climbed aboard it and strapped in
Boldly to go where no homies gone before

Wanna know, how far can we really go?
How far can we really go?
I wanna know, sure would like to know
How far can we really go?

Hmm-hmm, la-la-la-la
Hmm-hmm, la-la-la-la
Hmm-hmm-hmm-hmm, la-la-la-la
Hmm-hmm-hmm-hmm, la-la-la-la
Hmm-hmm, la-la-la-la
Hmm-hmm, la-la-la-la
Hmm-hmm-hmm-hmm, la-la-la-la
Hmm-hmm-hmm-hmm, la-la-la-la

How far can we really go?
How far can we really go?
I wanna know, sure would like to know
How far can we really go?
