

Stargazing

Kid Cudi

If freedom was a garden
I would be in luck
I've been choking on the words I
Never say enough
Should've been a boy that told a girl
I was in love
But it's never too late
Never too late, late

I could be there for you
Tell you I adore you
Midnight when we're cruising
Take you to the moon, yeah

Baby, I'm stargazing
So when the lights go out and it all goes back to dust
Stargazing
So when the lights go out and it's only us

You said you were out of love
Crying on the phone, yeah
Tell me what you really want
Tell me, are we home yet?
Could never have enough
Complicated love
Complicated us
Yeah, we were in a rush
Kissing in the tub

I could be there for you
Tell you I adore you
Midnight when we're cruising
Take you to the moon, yeah

Baby, I'm stargazing
So when the lights go out and it all goes back to dust
Stargazing
So when the lights go out and it's only us

Love letters I still send her
I still send her until forever
Love letters I still send her
I still send her until forever
