And I'm all above the line (Yeah), feel like the movies (Yeah)
All in 4D (Yeah), fallin' through the lovely lies
Dippin' through the city (City), oh, man, this is trippy (Trippy)
I'm happy with my baby, take tequila shots, we ragin' (Ragin')
In the night, it's like we datin', said you know, she love Superboy
Know she think of me lately, and I feel it, baby, can not lie

See me on my shit (Right), focus on my sex (Alright, will he?)
Killer say "Goodnight", tasty, like she taste me nice
Liquor and it's good (Right), anyone just dead (Alright)
Focus on my sex (Right), watch me slide, whatever guy
Give her what she needs, see her, girl, she in my zone
She does the things, I am no Superboy
Angels sing to me, I'm Superboy, Superboy
And the story goes

Haven't felt the real in a minute (I), yeah, nigga, must admit it (Yeah)
INSANO my vibe, as I take you, babe, high mind, you was the illest (Nice)
There's only one way, we're goin' up, can not stop the shine (Ah)
Never seen a boy like I (Yeah), focus on your message (Yeah)
Half of my heart is damaged, fill me with the magic
Sentimental, entergalactic, better than your besties (Yeah)
As sweet as night, you're the sweetest side
Guess you like what I'm doin' right, right, take me off (Go)

I got you here (Here), I got you here, baby, love (Love)
Been lost your seed (Seed), you lost, it seems, here we are (Are)
I got you here (Here), I got you here, baby, love (Love)
