

# Tequila Shots

Kid Cudi

Duh-duh-duh, duh, duh, duh  
As he falls back deeper, into a state  
The return (Dot Da Genius, baby, Daytrip took it to ten  
Hey!)

That's my mind, it's speedin' by, I won't know  
Askin' God to help or are you hearin' me  
Girl is tellin' me she don't know what she want  
Lotta demons keepin' up, they livin' underneath  
Gotta take a minute, y'all travel far  
Feelin' somethin', though I can't ignore my instincts  
Back, just world started, it's the same old game and song  
It's the shit I need

Tryna fight it on the right track  
Oh, wanna be just for the free, I  
Hm, talk to him, he don't speak back  
Hm, can't lose him in the dirt, I  
Lord seein' me swirl  
Do this to my loved ones, I got some nerve  
Don't think I'm not sorry

Hm, hear me now, hey  
This time I'm ready for it  
Can't stop this war in me  
Can't stop this war in me, in me, in me  
Hm, hear me now, hey  
This time I'm ready for it  
Despite this war in me  
Despite this war in me, in me, in me

Hm, I been here before  
Hm, hm, I been here before, hm  
Can't stop this war in me  
Can't stop this war in me, in me, in me  
As the story goes, hey, hey  
As the story goes, hm  
Despite this war in me  
Despite this war in me, in me, in me

(Yeah) Standin' on the cliff right off Mulholland Drive  
(Yeah) Back up on my lateness, this a remedy  
(Oh) Somethin' 'bout the night that keep me safe and warm  
Just me, the universe and everything I think  
Lotta shit that's waitin' on me, it's a storm  
Never thought I would be back here bleeding  
I'm not just some sick dude  
You could see my life, how I grew, I want serenity

Tryna fight it on the right track  
Oh, wanna be just for the free, I  
Hm, talk to him, he don't speak back  
Hm, can't lose him in the dirt, I  
See, it seems I'll never learn  
I won't stop 'til I crash and burn  
Tell my mom, "I'm sorry"

Hm, hear me now, hey  
This time I'm ready for it  
Can't stop this war in me  
Can't stop this war in me, in me, in me  
Hm, hear me now, hey  
This time I'm ready for it  
Despite this war in me  
Despite this war in me, in me, in me

I been here before, hey, hey  
I been here before, hm  
Can't stop this war in me  
Can't stop this war in me, in me, in me  
And the story goes, hey, hey  
As the story goes, hm  
Despite this war in me  
Despite this war in me, in me, in me
