if i never had a point, then what am i driving home? i push th  
rough all the bullshit just waiting for the fall. give an inch  
... you want a foot. i can't take it. not at this time in my  
life. it's not enough for me to be who i am. it's never enoug  
h for you to try to understand. so, i'll stop trying to prove  
something that i can't, cause i'll never get through to you.
