Yeah, but you will never catch me out of bounds  
Or at home, it's no guess I'm probably out of town  
Cause my weight game is so Dwayne Wade  
Getting money checks looking like a sweepstake  
Pull up in a space ship star wars fly  
With an all back diamond chain from the dark side  
Lot of cheese like Swiss  
Tell'em that it's your time  
Moneys all I talk and you ain't telling nothing like mine

Man look at my chain man  
Look at my ring man  
This ice around my neck got me looking insane man  
You can tell that we ball out (ball out)  
We ball out (ball out)  
You can tell that we ball out (ball out)  
We ball out (ball out)

We go the big money way  
We never go small routes  
You can tell that we ball out (ball out, ball out)

We hit your city and club and bring Barbies' and dolls out  
What you bout  
This our house

This young money baby never put nothin' above it  
Yeah now tell them haters fall back

Collecting dough at my shows (yeah)  
Take the dough to the crib turn them into seeds bout time to fill these holes (yeah)  
Tell me what you know about me (yeah)  
I earned this like a G (yeah)
