Kid Ink

Brakes on you (I had to put the brakes on you)  
Brakes on you (I had to put the brakes on you)

I tried choosin'  
Ain't shit movin'  
You can do it  
Block my view here  
Right on timin'  
Said, I just slidin'  
What the vibe is?  
Just tryna take the [?] in a two  
Need a siren 'cause a nigga on pursuit  
Turn around and switchin' them through  
Shawty ten [?] pitchin' on the cool  
Boot it up, baby, I don't ned a zoo  
Imma put in all the work, [?]  
Shawty [?], when she hurt lines  
Fuck her around and have a blurred night  
I've been waiting for you curbside  
Probably 'cause I'm running out of patience  
Know after all, I had to face it  
Baby, how you make them other bitches basic  
It will make sense, haze it

I've been so tired of you been on fire  
Just make time for me when you finish all that  
Don't believ in me the wrong way  
Can't see you back to streets to say-say  
Girl, you reminded me of my Benz  
I had to put the brakes on you  
Brakes on you, I had to put the brakes on you  
Brakes on you, I had to put the brakes on you  
Brakes on you, I see you got the tank on full  
Brakes on you, I had to put the thang on [?]

I had a double down in order to get you low  
Show me you handle controll  
Roll up by the pound [?]  
Pool slow and baby let go  
Get close, a little XO  
Let your ex know, the nigga Retro  
Belle route, baby, no prosecco  
You never thought I made it from the ghetto  
Them boys all hop out, they all make space  
The slide get with me, I keep you safe  
The Corvette catch up, don't make me chase you  
One more shot, we can't lose  
Gotta king [?] as we climbin'  
Girl, I'm tryin' your hardest, being silent  
When I'm gettin' to them legs, leave 'em [?]  
Friends can't find them, tell 'em where she hidin'

I've been so tired of you been on fire  
Just make time for me when you finish all that  
Don't believe in me the wrong way  
Can't see you back to streets to say-say  
Girl, you reminded me of my Benz

I had to put the brakes on you  
Brakes on you, I had to put the brakes on you  
Brakes on you, I had to put the brakes on you  
Brakes on you, I see you got the tank on full  
Brakes on you, I had to put the thang on [?]

Brakes on you, I had to put the brakes on you  
Brakes on you, I had to put the brakes on you
