Kid Ink

Just Chill

Party gackin, roller backin, just chill
Fuck her, everybody acting, just chill
You keep trackin what I'm packin, just chill
Girl I know you want some action, just chill
Baby just wait till we solo, just chill
J' try to keep it on the low low, just chill
Cuz we got time all night, just chill
I know whats going through your mind

I know exactly what you thinkin bout, babe
It's gona be a minute before we leavin now, jus wait
You talkin dirty dirty like the south
I said you better watch the next thing comin out your mouth
Using all your little movements grab on my [?], that ain't no illusion
This just ain't the time baby, I and I refusin
Everybody looking like they'll get a room n', wait

Girl just hit the blunt, we don't roll no runs
We like J and B always on the run
I see all the signs, later I'm gonna make you mine
You so fuckin fine but don't get out of line

Just Chill

Party gackin, roller backin, just chill
Fuck her, everybody acting, just chill

I know whats going through your mind

I know whats going through it
We been going through it
Might just let her do it

She lives the fast life
My little bad vibe
Her louie off white
Bikram keep that ass tight

Gave her that magic stick
Her mouth do magic tricks
Shawty a sex addict
But she the best at it
Girl you a real savage
Dancin just like Megan thee Stallion
Watch you hit the challenge
Rockin my medallion
Said I'm almost in the mood
Sippin on this bel-la-roo
Tryin to shoot we can salute
Thats some shit I can't refuse, ooou
Girl you know I got some work to do
How you think I bought those birkin and those merkin shoes
Girl don't give me no ultimatums, girl it hurt to choose

I already know the problems this could turn into, so

Just Chill

Party gackin, roller backin, just chill

Fuck her, everybody acting, just chill

You keep trackin what I'm packin, just chill

Girl I know you want some action, just chill

Baby just wait till we solo, just chill

J' try to keep it on the low low, just chill
