Kid Ink

Oh, oh, oh, oh, mhm

I got commas comin, woah (Woo)  
Karma, karma come back around  
Where were you when I was broke? (Oh, yeah)  
Got some clout and they all on me now  
I got commas comin, woah (Woo)  
Karma, karma come back around  
Where were you when I was broke? (Oh, yeah)  
Got some clout and they all on me now  
They all on me now

Remember the games you played  
But shawty don't seem to care  
She like the sneakers I'm wearin'  
I got at least two pair  
I put GG on anything (Sheesh)  
Them niggas see me on everything  
Doin' better than you ever thought  
Realest nigga that you ever lost  
I don't pick roll call, act like my phone off  
Niggas be so off, bitches be so off  
She saw the stars and lost her mind  
Happens every time, honey wants sparklin' wine

Got 'em circlin' like flies, again  
Rocket ship on flight, again  
Shawty all in my light  
Lookin' like one of those nights, again

I got, I got commas comin, woah (Woo)  
Karma, karma come back around  
Where were you when I was broke? (Oh, yeah)  
Got some clout and they all on me now  
I got commas comin, woah (Woo)  
Karma, karma come back around  
Where were you when I was broke? (Broke, oh, yeah)  
Got some clout and they all on me now  
They all on me now (Woo)

Yeah, tryna sniff me out just like a hound, yeah (Yeah)  
Now I walked in smellin' like a pound, yeah (Woo)  
I was fucked up but I'm better now  
Ain't then but you get it now  
Tell me, what's that shit about?  
Bitch, you tied away  
You ain't got no time to waste  
Could'e had a better me  
Ain't know you hit the lottery (Say)  
Go ahead and try it (Try it), won't get no reply  
Know you wanna ring my line

I been all over your mind, again  
Rocket ship on flight, again  
Shawty all in my light  
Lookin' like one of those nights, again

I got them blue hundreds on me  
Karma been killin' you slowly  
Know that you mad that I got it  
Baby, don't get me started  
Pull up in the Wraith now  
Pussy all up in your face now  
All this sauce, can you taste that?  
Know you feel a type of way now  
All in your feelings now  
I'm gettin' millions now  
Right now, now, now  
Pull up, no ceilin' now  
When I tip my crown right now  
Plenty on my heals  
Might pull up with a bag on me  
Know they hate to see me climbin'  
All this cash on me now

I got, I got commas comin, woah (Woo)  
Karma, karma come back around  
Where were you when I was broke? (Oh, yeah)  
Got some clout and they all on me now
