

## Overdrive

Kid Ink

I just hit my limit, yeah  
But we go overdrive  
Just copped the new shawty  
That bitch in overdrive  
Don't lose it  
Don't lose it  
I just hit my limit, yeah  
But we go overdrive  
Just copped the new shawty  
That bitch in overdrive  
Don't lose it  
Don't lose it

Father please forgive me  
I'm out in sin city with the presi suite  
We prayin' that your girlfriend don't ever meet  
Baby boy in that new toy with them leather seats  
Think she hear to peak, but I ain't got no limit  
I'm off the hinges and takin' shots like it's my first time off the benches  
But you know it's and one, how I handle all my business  
But this game got no name and neither do these bitches  
Duckin' all the pictures, never leave no witnesses  
You don't really live like us, lil niggas [?]  
Baby, grab my hand, Disneyland, slippin' naked  
I ain't pop no pill but I threw it in the Henny

I just hit my limit, yeah  
But we go overdrive  
Just copped the new shawty  
That bitch in overdrive  
Don't lose it  
Don't lose it  
I just hit my limit, yeah  
But we go overdrive  
Just copped the new shawty  
That bitch in overdrive  
Don't lose it  
Don't lose it

They say life is what you make it  
My whole life changed when I made a mil  
Moved out the country, in between the hills  
You know all the plays and you seen the drills  
Won't feel sorry for you niggas, not even a little  
Ran through the vill when it was a steal  
Like Shaquille, keep it real  
Later, ain't no tellin' how I'm 'bout to feel  
Cause that shit be hittin' different when you get a silk buzz  
Kriss Kross, mix the liquor, should still jump  
Way back we been gettin' it  
Can't nobody make me  
I just need another minute  
See we goin' and we slippin'  
Tell my dog you shouldn't let me off the leash

I just hit my limit, yeah  
But we go overdrive

Just copped the new shawty  
That bitch in overdrive  
Don't lose it  
Don't lose it  
I just hit my limit, yeah  
But we go overdrive  
Just copped the new shawty  
That bitch in overdrive  
Don't lose it  
Don't lose it
