

Put On (Am I Wrong)

Kid Ink

(WillMajor, this the one)
Yeah
Ayy, ayy, ayy
(Ayy, Bonk, turn it up)

Put on a vibe, put on the guys, we on the rise, yeah
Put on the city all over the world, put in the time, yeah
Put on my Louis and all of my jewelry, then put on a movie, yeah
h
Put on my baby to all of the latest, she want a Porsche and not
a Mercedes

Fully loaded, sport mode, I hope you ready to race
Ain't even put on the plates, uh, I do whatever it takes
I need the whole Kit-Kat, I ain't been takin' no breaks
Look at the sky, click-clack, shootin' my shot into space
Baby, am I wrong? I wanna put all my mans on
Mama live up in mansion, I gotta eat 'til the last crumb
Queen, she needed a soldier, so I put it all on my shoulders
Bet, tellin' the story, it's far from over, ayy

Put on a vibe, put on the guys, we on the rise, yeah
Put on the city all over the world, put in the time, yeah
Put on my Louis and all of my jewelry, then put on a movie, yeah
h
Put on my baby to all of the latest, she want a Porsche and not
a Mercedes

Wanna do it, gotta go get it, uh
You could too, I did it
All this light, can't dim it, uh
AP waste no minutes, uh
100K look like pennies, wait
I need a billion before I'm finished
When I was broke, I ain't know how to spend it
But I got better at mindin' my business
And that mean I can't go wrong
To the bag right, can't go home
Roll up quick when I get that jones
Keepin' it real, nigga been ready to drill, no one is tellin' me
chill
You know the deal, oh, ayy

Put on a vibe, put on the guys, we on the rise, yeah
Put on the city all over the world, put in the time, yeah
Put on my Louis and all of my jewelry, then put on a movie, yeah
h
Put on my baby to all of the latest, she want a Porsche and not

a Mercedes
