

## Ready 4 War

Kid Ink

Now I been waitin' for somebody  
To try and come make a move  
All the bullshit to the side, side  
Attitude like I got nothin' to lose  
Bout to put it all on the line, line  
Keep talkin' that smack  
I ain't really worried bout that  
Like it's a AK on my back, now you could  
See that I'm ready 4 war  
Know we came through here so deep  
I brought me a army  
See that I'm ready 4 war

Feelin' better than before  
Been through it all, but I'm ready for more  
Never settle for less, but we could settle the score  
It's no limit, soldier to the core  
I hope you locked, and loaded  
Gon take everything you got  
You tryna stop, the show man  
I gave everything I got  
These haters said I was a fool  
Now they tryna stand by but the flight's too full, damn  
Fresh off the Boeing, we been takin' it too far  
Tell me where the fuck is we goin'?  
This is just a warning, red eye alert  
Whole team here, bout to go bezerk

Now I been waitin' for somebody  
To try and come make a move  
All the bullshit to the side, side  
Attitude like I got nothin' to lose  
Bout to put it all on the line, line  
Keep talkin' that smack  
I ain't really worried bout that  
Like it's a AK on my back, now you could  
See that I'm ready 4 war  
Know we came through here so deep  
I brought me a army  
See that I'm ready 4 war

Who ever thought that this could happen  
Even more than I imagined  
Took a gift and started rappin'  
It's a movie tell 'em action  
Bitch, I'm all about that action  
Been at war, all my life  
Now they salute me like a captain  
Man of my home, just came from lyon  
Please excuse my French, but bitch Alumni, we on  
And my homies still, goin' pecan  
All these rocks on my neck  
And niggas still throwin' stones, damn  
Patron I'm pourin'  
Keep it goin' til you feel it in your system like the low-end  
Livin' in the moment, gone with the wind  
Feel like I could never lose, yeah we goin' for the win

Now I been waitin' for somebody  
To try and come make a move  
All the bullshit to the side, side  
Attitude like I got nothin' to lose  
Bout to put it all on the line, line  
Keep talkin' that smack  
I ain't really worried bout that  
Like it's a AK on my back, now you could  
See that I'm ready 4 war  
Know we came through here so deep  
I brought me a army  
See that I'm ready 4 war

And you could send anyone you want  
I never run, tell 'em that I'm ready for it  
Feel like I been fightin' all my life  
And the war is never done  
Tell 'em that I'm ready for it  
You could send anyone you want  
I never run, tell 'em that I'm ready for it  
Tell 'em I'ma never stop  
Til they know that I'm the one  
Tell 'em that

Now I been waitin' for somebody  
To try and come make a move  
All the bullshit to the side, side  
Attitude like I got nothin' to lose  
Bout to put it all on the line, line
