Tell the truth
Been a minute since I really showed 'em how I do shit
Been a minute since I been this lit up off the D'USSÉ (Ooh)
Used to hit a swisher, now that grabba [?]
Niggas talkin' big energy, but they coochie
Truth, truth, tell the truth
Let my bitch dress, [?] fuck [?] boo
Everything intact, bring it back in a loop
Nikes on the mat, where the check? Gimme loot
Money keep her dancin', I got a pack
Look like Marilyn Manson, we end up black
Ain't no cap, in my facts, this shit life
Tell the truth, that's on God, never - (Ayy)

Truth, truth, truth (Never lie)
Truth, truth, truth (I'm the guy)
Truth, truth (Ooh)
Truth (Ooh)
Truth, truth (Ain't no truth)
Truth, truth, truth (Tell the -)

Tell the truth, baby girl
Too much Belle Route, I get loose, baby girl
Outside what I drive, that's my new baby girl
Ain't no seats for your friends, only two, baby girl
Crazy cake, pass the blunt, I go OBJ, give me space
James Webb all up in your face
Start the day with my chains on, look like Frosted Flakes
Got a taste, stackin' cake like the oven easy bake
Neo high, red or blue pill, I can't decide
Catch a five, this your first one, we do this everytime
Same dream team, never switchin' sides
Tell the truth, it's on God, never -

Truth, truth, truth (Never lie)
Truth, truth, truth (I'm the guy)
Truth, truth (Ooh)
Truth (Ooh)
Truth, truth (Ain't no truth)
Truth, truth, truth, truth
