

Warm It Up

Kid Ink

Yeah, yeah, yeah
Yeah, yeah, yeah
I-I-ISM
Cool right that, treat her pool like that
Cool right that, treat her pool like that
Cool right that, treat her pool like that
Aye, lil baby, she been waitin' all day (All day)
Tell her I be on the way

She warm it up, warm it up
Lil baby, warm it up, warm it up
She warm it up, warm it up
For me, for me
She warm it up, warm it up
Lil baby, warm it up, warm it up
Lil baby, warm it up, warm it up
For me, for me

I got her ex in [?] no moving girl is way to fast to text
Walk inside [?] and got her ass, no question
Overtime, I'm about to [?] (Oh, yeah)
Lil mama, warm it up
And leave her [?] for me
I tell her turn around
I see a [?]
Keep comin' with the heat
Don't like the [?]
The power of the P
And made me leave the bros
Now, I got the vibe [?] out loud and scream that's fake
We been tryna keep it down
Whole neighborhood awake
And my mind so blown
How she move like that?
I got every chain on 'cause I'm cool like that

She warm it up, warm it up
Lil baby, warm it up, warm it up
She warm it up, warm it up
For me, for me
She warm it up, warm it up
Lil baby, warm it up, warm it up
Lil baby, warm it up, warm it up
For me, for me

Girl, bring that badass
Fiending for your body, I got bad habits
Hop out when she ride the shit in automatic
But lil baby switchin' gears
Fuck around and make some kids
Already don't know what it is
We don't popped off
We had like rockstars
Girl, you remind me of a GT with the top off
Drippin' like it's hot sauce
I kill the pussy, put the shit inside her [?]
Let's do it, toe [?] down in every room

I finally got you gettin' loose
Hittin' the stroke inside your pool
After we done, I roll up two
'Cause I'm cool like that

She warm it up, warm it up
Lil baby, warm it up, warm it up
She warm it up, warm it up
For me, for me
She warm it up, warm it up
Lil baby, warm it up, warm it up
Lil baby, warm it up, warm it up
For me, for me

Ohh, Ohh, Ohh
She been waitin' all day
Tell her I be on the way
