

Wake up in the night  
Fighting with my sheets  
Fighting in my sleep  
Molotovs whilst we're fighting in the streets  
Taking aims at the Bobbies on the beat  
Well if they're gonna do the crime  
Then they're gonna take the heat

And everybody's saying call 999  
And everybody's saying call 999  
And everybody's saying call 999  
Call the swine, call the swine, call the swine

And when they come in the middle of the night  
Will you cower in the corner or fight, fight, fight, fight?  
When will you say that enough is enough  
When their hands are round the necks of the ones you love?  
It's not one  
Bad apple  
It's the whole  
God damn tree  
And when they come in the middle of the night  
Will you cower in the corner or fight, fight, fight, fight, fight, fight, fight, fight, fight, fight  
(Fight, fight, fight...)

So many cases, so many cases  
If they're not rapists  
They're fucking racists  
Hiding their faces so we can't see  
But they still catch us on the CCTV  
When they act above the law that they swore to protect  
To protect all the people that we didn't elect  
They call it order I call it disrespect  
If they want justice well that's what they'll get

And everybody's saying call 999  
And everybody's saying call 999  
And everybody's saying call 999  
Call the swine, call the swine, call the swine

And when they come in the middle of the night  
Will you cower in the corner or fight, fight, fight, fight?  
When will you say that enough is enough  
When their hands are round the necks of the ones you love?  
It's not one  
Bad apple  
It's the whole  
God damn tree  
And when they come in the middle of the night  
Will you cower in the corner or fight, fight, fight, fight, fight, fight, fight, fight, fight, fight  
(Fight, fight, fight...)
